**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please stop creating monopolies by removing competition. I refuse to give at&t my money and this practice puts people like me into a bind. I live in a rural area and am currently able to use a local ISP for internet and moved here specifically because this service was available at a price i can afford. If i switched to another provider it would be too costly and i would not be able to have this service. This would possibly require me to sell my house and move to another area and just makes life very inconvenient.

You work for us, so stop siding with corporations that are profit driven. Side with the people and give people choices!
